

PRODUCT OF THE MONTH:

S E N T I

End cap without LED module.

End cap with narrow beam LED module.

End cap with wide beam LED module.

Senti luminaires provide efficient perimeter lighting as well as accent and ambient illumination for building facades and other architectural detailing. With several design options, luminaires provide a multitude of solutions for contemporary and traditional architectural applications. The LED uplight and downlight compartments provide illumination through an efficient lens system. Luminaires have an IP65 rating.
